

# Tenancy Terms Checklist

Are you interested in renting a house in De Brink 5? Then you can fill out our Rental Calculator via the real estate agent in order to quickly calculate whether you qualify. Are you invited to upload your file? In that case, the following information is required:

## Step 1: Personal Data

- A copy of a valid passport or identity document (not a driving licence!)
- A Personal Records Database (BRP) extract, to be requested from your municipality

## Foreign identity

In the case of an expat or other nationality, there is not (always) a Dutch identity document available. The visa and/or residence document must be supplied if you are coming from outside the EU. In addition, an additional deposit has to be paid.

- A visa indicating a maximum duration of stay (if you are not an EU national)
- A copy of your employment contract (in case you have been working in the Netherlands for less than 2 years)
- A residence document indicating a maximum duration of stay (if you are not an EU national)

## Step 2: Income situation

### Are you employed?

If you have an employment income, you must at least have an annual contract with your employer. The probationary period must be over and a declaration of intent - to be stated on the employer's statement - is mandatory.

- An employer's statement
- 3 recent payslips, not older than 3 months
- A bank statement showing the last wage paid

### Are you an independent entrepreneur (sole proprietorship, general partnership, self-employed worker without employees)?

In the case of independent entrepreneurship, you have to pay an increased deposit of 3 months' rent including any service charges and heating costs. In addition, your company must have been in existence for at least 2 years.

- The Profit and Loss Account of the past 2 years, approved by an auditor
- A Chamber of Commerce extract
- Last year's final Income Tax Assessment (IB60 form to be obtained from the Tax Administration)

### Are you retired?

A more lenient income requirement applies to pensioners. This is taken into account in the income calculation. You need to deliver the following items:

- An annual statement of your old-age pension
- An annual statement of your supplementary pension
- A bank statement showing that your old-age pension and your state pension have been paid

## Step 3: Do you have your own assets?

In order to better meet the income requirement, you can add 10% of your own assets to your gross annual income. You must submit proof that you have your own assets by means of an audit opinion or bank statement. Renting on the basis of only your own assets - and no other form of income - is unfortunately not possible. The own assets must be at least €20,000 to be included in the calculation.

## Step 4: Current living situation

### Are you currently renting a house?

- A landlord's reference (to be obtained from your landlord)

### Do you currently have an owner-occupied house?

If your house (subject to reservation) has been sold, then the resolutive conditions must have expired. This ensures that you do not run the risk of double housing costs. If your house has not (yet) been sold, we will include your mortgage costs in the income calculation.

- The Mortgage Holder Statement (to be obtained from the bank / mortgage lender)
- The Purchase Contract / Instrument of Sale
- Last year's Annual Mortgage Statement

### Are you living with your parents?

No additional information is required.

## Step 5: Monthly commitments

Do you have monthly commitments such as a loan, study debt or do you pay partner/children's maintenance? Provide a copy with a statement of the remaining amount and the monthly obligation.

- A Personal Loan or Continuous Credit Statement
- A copy of the Education Executive Agency (DUO) regarding the residual study debt
- A divorce agreement regarding maintenance
- Other obligations

## Other

### Are you a student?

In principle, we do not let houses to students.

### Other situations

In other situations, you should contact the real estate agent. Do you not fully meet the income requirement, but do you think that you have a stable income? Tell the real estate agent about your situation. This means that an assessment is made on a case-by-case basis.

### Tips:
